### Grist Mill for Sale.

We invite the special attention of our readers and the public in general, to the 'advertisement of Messrs. Beale, Hall & Co. to be found in this number of our paper. The mill property they propose to rent of sell, is one of the most desirable of the kind, for both custom and merchant work, in this section of the country. The flour manufactured by this mill hes ranked with the most choice and favorite brands offered in the Philadelphia and Baltimore markets. To a person desirious of engaging in the business we do not know of a point that presents greater inducements than this .--The surrounding country is noted as a remarkably fine what producing region and the location is one possessing peculiar advantages on account of its accesibility from almost every direction. We are assured that the property will be disposed of on the most accommodating teoms.

The Murder of American Missionaries in Turkey.

The Government has promptly taken neasures to demand redress from the Sultan for the recent cold blooded murders of American missionsries in Turkey. KENTUCKY ASKING FOR CONFISCATION: -We learn that a gentleman occupying a high position in Kentucky arrived here yesterday, to represent to the President and Congress that it is the opinion of the Union men in that State that energetic measures for the punishment of the rebels and the confiscation of their property are absolutely indispensible for the restoration of social order at the South. He insists that Mossrs, Crittenden, Wickiffe and their associates wholly misrepresent Kentucky on that question.
